@WILDLIFEVICTORIA

The @wildlifevictoria bushfire appeal distributes funds to wildlife shelters and carers to help rebuild enclosures and equipment that they have lost in the fires so that they can continue their lifesaving work, and support those that are struggling to cope with the enormous number of animals that will need care in the coming weeks and months. 🐨 🌿

FUN FACT: Captain Cooks first sighting of the Australian mainland occurred on 19th April 1770. Hence the price.
